

SLT150B Sealant Tape

Item number: 02601 00004

Technical data

Description The **Sealant Tape SLT 150B** is a sealant tape suitable for use in vacuum forming applications with a cost optimized design. Its excellent tack removes easily and cleanly from substrates after cure. Also for high temperature envelope bagging application this tape is a good solution. The tape is suitable for epoxy and other resin applications.

Notice:

For optimum result the tape must be allowed to cool to an ambient temperature before stripping from mould surfaces.

Product	Thickness: 3 mm	Width: 12 mm	Roll length: 15 m
----------------	-----------------	--------------	-------------------

Properties	Characteristics	
Maximum use temperature	125 °C (bag to tool)	150 °C (bag to bag)
Application temperature range	7 °C to 50 °C	
Colour	Black	
Roll size	15 m x 12 mm x 3 mm	
Standard box contents	22 rolls/box	
Shelf life	14 month from date of manufacture	

Storage condition: Temperature: 5 °C up to 25 °C, avoid direct sun irradiation.
Must be stored flat in its original containers. Do not stack more than 5 boxes high.

The values presented in this data sheet are typical values and are not to be interpreted as product specifications. The purchaser is not released from the obligation to inspect the incoming goods. Findings do not indicate the suitability of the product for a concrete application.
