

DESIGN

## WHEN FUNCTION TRANSFORMS INTO AESTHETIC SHAPE

It is not only the lightness of composite structures that offers multiple application possibilities – the virtually unlimited mouldability of textile composites and resin gives experienced manufacturers maximum design freedom. Low quantity production batches can easily be customised or personalised, making such products highly attractive for specific target groups.

## DESIGN

IN ORDER TO HELP DESIGNERS THINK  
LIMITLESSLY THEY SHALL KNOW THAT  
NOTHING IS IMPOSSIBLE.

Your benefits:

- 30 years of experience in design-oriented projects
- Detail-oriented
- Unlimited design options
- Customization
- Better performance
