

# AUXILIARIES – CONSUMABLES

## A ONE-STOP SHOP: YOUR PARTNER FOR EVERYTHING.

COMPOSYST is a full-service provider. For every resin type, method, geometry or size: we can help you choose the right product. No matter what kind of process (autoclave, pre-preg, RTM, VARTM, SCRIMP™, VARI

or VAP®...) you have in mind, we help you choose the right product and support you every step of the way. And for our future: more and more products are made of recycled materials.
